

REMARKS

The claims as amended on December 19, 2007, should not be entered. The claim amendments presented therein were non-compliant because they were not directed to the claims as amended with the Preliminary Amendment of April 6, 2006. The present Supplemental Amendment is being filed in order to correct the claims presented with the amendment filed on December 19, 2007. The amendments made to the claims with the Preliminary Amendment filed in this application on April 6, 2006, are now reflected in this presentation of the amended claims.

Entry and consideration of the present amendment to the claims, and the specification amendments and remarks presented in the Amendment filed on December 19, 2007, is respectfully requested.

Claims 8-14 and 20 are requested to be cancelled. The cancellation of claims does not constitute acquiescence in the propriety of any rejection set forth by the Examiner. Applicants reserve the right to pursue the subject matter of the canceled claims in subsequent divisional applications.

Withdrawn claim 7 and claims 15, 18 and 21 are currently amended. The phrase "comprising administering to a subject in need of such therapy" is supported by the description of section "Administration routes and pharmaceutical formulations" on page 34, line 32 to page 35, line 7. In addition, "ADCC activity" is supported by the description on page 33, lines 10 to 12.

Dependent claims 22 and 23 are new. Support can be found in the original claims. No new matter is added.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.
